

## RCA REGIONAL OFFICE

---

July 3, 2013

National RCA Representatives:

Bangladesh, China, India, Indonesia, Malaysia, Mongolia, Myanmar, Nepal, Pakistan, Philippines, Sri Lanka, Thailand, Vietnam

Dear National RCA Representatives,

It is my honour to invite participants from your ministry or relevant agencies to the workshop on Research Reactor, Radiation Application, Small and Medium-Sized Reactor Technology to be held on 7-18 October 2013 in Daejeon, Republic of Korea, and I would like to request you to nominate one or two appropriate persons to the workshop.

As one of the series of workshops conducted by RCA Regional Office (RCARO) under the collaborative arrangement between RCARO and Korea Atomic Energy Research Institute (KAERI), it aims to introduce technical and practical knowledge regarding radiation application technology to the RCA Member States.

One or two nominees from each Member State will be finally selected based on their capability and potential to utilize the knowledge gained through the workshop. In this respect, it is cordially requested that you send us the list of the nominees in a priority order.

For timely logistic arrangement for the participation, it is strongly requested that you send us your response and the completed application forms no later than **July 31, 2013** to RCA Regional Office by e-mail at [jklim@rcaro.org](mailto:jklim@rcaro.org) (Tel: +82 42 868 4905) or by fax +82 42 864 1626.

The RCARO will provide the financial support to facilitate their participation and send further details of the administrative arrangement to the selected nominees. Please refer to the enclosed prospectus for more information. The preliminary program and logistics can be also found at the RCARO website <http://www.rcaro.org>.

I look forward to receiving your nominations.

Sincerely,

Kun-Mo CHOI  
Director  
RCA Regional Office
