Dear National RCA Representatives,

It is my pleasure to announce you the 2014/15 RCA Expert Support Programme of the RCARO to support experts of the RCA Government Parties for their promotional activities that could contribute to increasing the awareness of the RCA.

The programme is to support RCA experts who plan to participate in international or regional conferences related to nuclear science and technology from September 2014 to August 2015 and to present the RCA and its activities at the events through various promotional activities such as presentation and exhibition. Successful applicants with sufficient experiences and knowledge in nuclear technology and the RCA will be supported with airfare, registration fee and DSA upon their request. For details of the selection criteria and process, please refer the attached Guidelines of the Programme.

It would be appreciated if you could nominate an expert(s) in your country for such activities and send a duly completed nomination form to the Office by 17 July 2014.
